

Pennsylvania Machine Works, Inc. is a manufacturer of high-pressure steel pipe fittings. We have been in business since 1931. We take pride in our employee's, our product and our customer service.

Positions are available in our CNC turning and milling department as well as other CNC areas. These positions offer a 4 on 4 off schedule (work 4, off 4) and are available on 2nd shift. (5:00 pm to 3:30 am)

Penn Machine offers competitive wages and great benefits for our employees and their spouses/dependents. Our benefits include health/medical, prescription, dental, vision discounts, life insurance and 401k.

Great opportunities await those that want to join our safety sensitive, drug free Penn Machine Team. See for yourself!
