

Dear Customer,

Penn Machine and Western Forge and Flange are pleased to announce our partnership. Both Penn Machine and Western Forge and Flange have been acquired by Wynnchurch Capital a premier private equity firm based in Chicago, Illinois. While both companies will continue to operate separately, a strategic effort will be made to jointly utilize resources resulting in an enhanced customer experience.

With the founding of Penn Machine in 1931 and Western Forge and Flange in 1944, customers will have access to an unprecedented amount of experience rarely seen in any industry. Our combined depth of experience, superior customer service and advanced manufacturing capabilities will strengthen our positions as leaders in the PVF industry.

This partnership is a proud symbol of Made in America and we look forward to continuing our tradition of providing excellent service and quality to our customers.

Highlights of partnership:

- Vast amount of experience
- Increased manufacturing capabilities
- Expanded product line
- Diverse engineering capabilities
- Metallurgist and Quality programs at both locations
- Custom Capabilities
- Strategic Locations
- 24/7 Emergency Service
- Special Product Testing including NDE
- MADE IN USA

Sincerely,

Penn Machine & Western Forge and Flange
